CHILD SEXUAL ASSAULT 360

Three Professional Perspectives on Understanding, Investigating, Prosecuting and Supervising Adults Who Commit Sexual Assault on Children

The on-going global pandemic has highlighted the rise in incidents of child sexual abuse, and the urgent need for training in the area of understanding, investigating, prosecuting and supervising adults who commit sexual assaults.

This special virtual training event is presented by three internationally recognized experts who together will bring you a unique, tri-perspective, condensed Master Class covering four key areas of working with adults who commit sexual assault on children.

The day will be a live virtual webinar event, with the opportunity for attendees to interact with the presenters, each of whom has trained thousands of professionals annually. This is a rare opportunity to be part of the presentation and see them interact and discuss these important aspects of Child Sexual Assault.

What attendees have said about the training

“Wonderful! Best training I have attended all year, heck all decade.” (Law Enforcement)

“I really liked that there were 3 instructors and that there was even some debate amongst the three, showing different perspectives.” (CAC staff)

“I have been with the County Attorney as support staff for almost 18 years and this has been the best conference I have attended.” (Prosecutor)

“I enjoyed watching the friendship and respect you three displayed and your humor discussing what is a deadly serious subject. (CAC Board Member)
