

Sex Offender Intake Behavior Checklist

Offender: \_\_\_\_\_

ID: \_\_\_\_\_

Date: \_\_\_\_\_

Explain to the offender that (s)he will be given polygraph exams during supervision and treatment. While we are concerned with past behavior, a major focus during supervision will be the behaviors (s)he continues to engage in. The purpose of these questions is to help prepare for the polygraph by clarifying which behaviors were **PRIOR** to supervision and which behaviors occur **DURING** supervision. Answering these questions will help the offender in the polygraph process later.

For each behavior, ask the last time they engaged in the behavior, then ask "How often" or "How many times?"

	When Was Last Time?	
Sex with consenting adult	_____	How Often: _____
Viewed nudity or porn (print)	_____	How Often: _____
Viewed nudity or porn (video)	_____	How Often: _____
Viewed nudity or porn (internet)	_____	How Often: _____
